PRICE TWO CENTS

## Junior Prom at Currie Gym Griffin Entertains Tonight

### Holmes' Band Makes Music Skits, Songs

Latest reports show that close to eight hundred people will be in attendance at the Junior Prom tonight at the Sir Arthur Currie Gymnasium.

There are however, still a few tickets to be had at the Union Ticket Office and there are still table reservations available, it was announced. The booth in the Union will be open tomorrow, both for ticket sales and table reservations.

The decorations committee has been busy preparing the gym for the dance. Al Brewster of Fine Arts has made murals depicting various scenes of campus life. Efforts are being made to put up a false ceiling which will tend to reduce the loftiness of the gym.

As feature entertainment, the Prom will have Wally Griffin, pianist and singing comedian. Griffin stated that he is preparing a special line of entertainment to suit college students. He is now engaged at Ruby Foo's, having come there via New York and Baltimore. At the latter place he had a radio and television show. After four years in the U. S. Army, he spent four months as singer for Eddy Duchin's Orchestra. From here he will leave for Chapman Park in Hollywood on December 11.

Music for the Prom will be supplied by Johnny Holmes Orchestra. Holmes stated that his band will play continuously, and will feature skits and songs by members of his band.

Soft drinks and ice will be supplied free of charge at a booth in the B.W.F. Room of the Gym. Food in the form of sandwiches, cakes, ice cream and coffee will be available at reasonable prices from a concession in the Gym.

Patrons who are expected to attend (Continued on Page 4.)

### Manitoba Government Hears Bus Solutions

Winnipeg, Man.—(CUP)—“We are entirely sympathetic to any proposals for the alleviation of the present transportation situation that may seem feasible,” said Premier D. L. Campbell in reaction to the brief presented to him Wednesday afternoon by Art Mauro, chairman of the University of Manitoba transportation committee. The committee hopes to take action against increased bus rates. “Since the Board of Governors approached us recently, the Minister of Education and the Provincial Treasurer have been giving the question some serious thought,” stated the premier.

## Campus Leaders Honoured By Scarlet Key Society

Hugh Brodie, third year medical student, was elected president of the Scarlet Key Society last night at the society's annual presidential election. He succeeds Robert Keefler who was elected president last December.

The Students Society's official hosts also honored six students with membership for outstanding contributions to student affairs. They were as follows:

Geoff Skelton: Last year assistant stadium manager, appointed stadium manager for the coming year. He has been active in the Winter Carnival and athletic nights in addition to his Scarlet Key duties.

Boris Gardavsky: Last year editor-in-chief of The Dawson Weekly and vice-president of the Dawson Students Executive Council; assistant chairman of this year's Freshman Reception Committee; vice-president of the McGill Union; and recently acclaimed engineering representative on the Students Executive Council.

Pete Robinson: Track star and member of the “so near yet so far” Redmen football team, active in the Winter Carnival and athletic nights.

George Stephen: Last year president of the Dawson College Students Society and now co-chairman

### Awards at Dalhousie For Sterling Students

Halifax, N.S.—(CUP)—An immediate result of the fourth annual conference of the International Students Service held in Montreal recently is the setting up on the campus of Dalhousie University of a group of scholarships for students from the sterling areas who have been affected by the devaluation of the pound.

In view of the great amounts of money that these students have lost through devaluation, the campus ISS committee has taken immediate action to raise funds for the setting up of these scholarships.

Permission has been given by the city of Halifax to hold a tag day this Saturday. The entire sum raised will be used for the scholarship fund. The number of scholarships will depend on the success of the endeavor.

## Yugoslavia Question to Be Debated

Debaters from Osgoode Hall Law School, Toronto, and McGill University will tackle the Yugoslavia question tomorrow night when they meet in Moyses Hall at 8.15 to debate the resolution That the Western Nations Give the Utmost Military and Economic Support to the Present Yugoslavian Government.

The debaters for Osgoode Hall will be Ernie Ford and Bill Archer, a former McGill student, and for McGill, Ted Hugeson and Isadore Rosenfeld.

The Chairman will be Mr. William F. Macklaur, K.C., Vice-President of the McGill Graduates Society, by whose co-operation this highlight of debating activities has been organized.

The judges will be Hon. Mr. Justice George S. Chalmers, Mr. Claude S. Richardson, K.C., and Mr. George V. V. Nicholls of the Canadian Bar Review.

This debate, one of the most important of the first term, has been made possible through the efforts of Mr. Macklaur and also of Mr. Lorne Gales, secretary of the McGill Graduates Society.

Mr. Macklaur is holding a small buffet supper for the participants before the debate. McGill will uphold the negative of the resolution.

Over two hundred invitations to the debate have been sent out to members of the Graduates Society, Faculty members, leaders of campus clubs, and fraternities. All students, faculty, and graduates will be welcomed. The debate will be over in time for those attending to go to the Union House Party, it was learned.

## Hillel to Hold Art Exhibition Sunday Night

An exhibit of the paintings of Yossel Bergner will go on show following an introductory evening program which will be held in the Hillel Foundation at 3460 Stanley St. at 8.15 Sunday evening.

Mr. Alfred Pinsky will discuss the artist's work and the artist himself will show visitors through the exhibit explaining his efforts. The exhibit will be open to all students and their friends and parents and will consist of three main groups of works.

The Perez group deals with the artist's interpretation of that body of Jewish folklore by the author of that name—Perez.

The Ghetto group consists of the artist's interpretation of the life in the Ghettos. These are drawn from the artist's imagination are not from personal experience.

The last group is his autobiography. In this section he shows scenes from his life and tries to show what his life was like from a series of views.

### THIS LIFE

Mr. Bergner was born in Vienna and spent his childhood in Poland. A few years before the outbreak of the Second World War, the artist went to Australia where he spent the ensuing twelve years. During this period he married an Australian girl and served in the Australian Army.

His army life which he describes as uneventful, was the period in which he began his painting.

He went to Paris two years ago where he used his energy working at his painting. In Paris he held his first exhibition and after a year in France he came to Canada where his father, a poet of some note, here in the city, lives.

Mr. Bergner intends to return to France and from there he may go to Israel.

The exhibition is to be presented under the auspices of the Hillel Art Committee and will continue for a period of two weeks. These paintings represent a cross-section of the artist's work and demonstrates his style of reproduction in oil.

The program Sunday evening will conclude with refreshments.

## Arts II Team Wins Debate Championship

Second year Arts won the mid-term debating championship of the faculty yesterday when they defeated First year in a debate held in the Union.

The winning team of Ammon Kahn and Lionel Lustgarten opposed the resolution That Canada Should Support a Plan for World Federal Government.

The defeated team were Daniel Kingstone and George Bisset who supported the resolution.

The judge, Mel Rothman, said both teams presented good arguments. Henry Novard acted as chairman for the debate.

## Newman Club to Hear Prof. Hare Sunday

“Post-war changes in the English Social landscape” will be the topic of an address to be given to the Newman Club by Professor F. Kenneth Hare of the Department of Geography. The address will be delivered at the regular meeting of the club this Sunday at Sacred Heart Convent, at 10 o'clock.

The speaker will be introduced by Bill Summers, and thanked by Pierre Gadois.

### DUPLICATE BRIDGE CLUB RESULTS

The following, in percentages, are the results of this week's meeting of the Bridge Club: North-South (1) Bone-Kyte 64.5, (2) Palen-Laurin 57, (3) Lake-Melzak 55.5, (4) White-Kuhn 54, (5) Stachiewicz-Frankowski 47.15, (6) Watson-Mackell 47, (7) Graham-Ethier 46, (8) Barthelmann-Parick 43.5, (9) Neal-Joyce 42, (10) Newton-Erington 40.5, East-West (1) Sinclair-Muir 66.7, (2) Caldwell-Rankine 65, (3) Wilcock-Wilson 64, (4) Haskell-Stangland 62.5, (5) Brennan-Crutch 53.5, (6) Crawford-Courey 53.2, (7) Hart-Spiller 52, (8) Hirschfeld-Jodzisewski 48, (9) Weber-Ciceri 48, (10) Sproule-Rowland 42.

McGILL RIDES AGAIN as a group of the Riding Club goes up the Mountain this year. The Club, a branch of the M.O.C., provides members with horses and jaunts on the Mountain every sunny day of the week. Membership of approximately 50 enthusiasts is mostly made up of sportive and attractive R.V.C. residents. From left to right: John Venters, president, Joey Hanell, Ann Skalth and Helen Jones. (Photo by Georges Steiner.)

## Four Groups To Produce Radio Shows

In order to give as many students as possible a chance for experience, the Workshop has been organized into four production units; this was decided upon after a series of auditions held at CKAC, earlier in the term. The four groups are headed by Leif Ashley, Stan Mann, Milton Winston and Erwin Brodie. Assistant producers are Estelle Mendelsohn, Bill Shatner, John Cameron and Eric Miller.

Each group has been assigned four announcers who work on as many shows as they can. This year the Radio Workshop for the first time in many years, has a programme of its own, stated Erwin Brodie, president of the Workshop, when asked about radio activities at McGill. The show is a weekly presentation over C.F.C.F., 4-15-4.30, Sunday afternoon.

Any student on the campus may submit talent and will be used after auditioning. “Special emphasis is laid upon musical talent, and singers and musicians are welcome,” said the president. Stan Mann and Bill Shatner announced that McGill Poetry will be featured on this Sunday's show. Mr. Patrick Anderson of the English department has kindly given permission to have two of his poems read, and has suggested the names and poetry of several students. Among these will be poems by Peter Scott, Frank Hulla, Jack Leiber and Michael Ballantyne.

The first show of the season was a salute to McGill's fighting football team, and featured Harry Irving, Bob MacLellan, Clyde Whitman and Shorty Fairhead. The second show dealt with the works of

## Riding Group Reorganizes; Plans Events

In a move to reorganize, the McGill Riding Club has announced that it has been absorbed by the M.O.C. Along with this statement the executive for the 1949-50 season was released.

The founder of the club, John Ventner, was re-elected president while Ann Skalth and Helen Jones were named as vice-president, and secretary-treasurer respectively. The club originally started at Dawson three years ago but moved to McGill the following year where it has stayed since. Certain city stables have agreed to give the members of the Club a special rate on Tuesday, Wednesday, and Thursday afternoons and Saturday and Sunday mornings and afternoons.

Publicity manager George Steiner said in a statement to The Daily that the club has about fifty members at the present moment. He emphasized that membership was not restricted to accomplished equestrians but that all interested in the riding could join.

The club has planned several social events for next term. First on the agenda will be a sleigh ride. There will also be some lectures on equitation, showmanship, and junior judging, as well as movies about horses, and splash parties.

There will be a member of the club in the R.V.C. Common Room every Monday 5.00 to 6.30 p.m. during the coming year to answer question from interested students about the Club.

McGill's humorist, Stephen Leacock, and last week's show featured the McGill Daily.

## Allied Occupation Methods In Germany Wrong-Klibansky

Fear that the western powers are pursuing their occupational scheme in Germany with the wrong methods was expressed by Dr. R. Klibansky, professor of philosophy in an interview held yesterday.

“Instead of trying to educate the Germans with a proper ideology, the allies are building Germany into a strong power against the Russians.”

“An example of the doctrine prevailing in the minds of the Germans is the feeling that Hitler was bad only because he lost the war,” the professor continued.

Dr. Klibansky pointed out that although many Germans had a cynical and nihilist feeling immediately after the war, they are now quickly recovering and are looking for a new leader to lead them in their nationalistic objectives.

“This is the same resurgent spirit which the Germans had after the last war and unfortunately, now just as then, nothing is being done about it,” said the professor. Dr. Klibansky explained that the Germans realize that they are in a unique position, holding the balance of power in Europe. At every opportunity they threaten the Americans that they will side with the Russians unless their demands are met, and unfortunately too many people are falling for their bluff.

Professor Klibansky explained

## Campbell's Pucksters Seek Victory Over U of M Carabins

### Union House Dance Planned For Ballroom

The Union House Committee announced that there will be a dance in the Union Ballroom after the McGill-U. of M. hockey game on Saturday. Dancing will begin at 8.30 and continue until 1 a.m. The admission will be 50 cents per person.

Decorations for the dance are under the management of Betty Judge and Nancy Peattie, and lighting by Don Beauprie. The decorations will consist of a number of murals depicting a weekend up north. Some of these include “The Pub,” “The Skier,” and many others demonstrating life in the north country during skiing season. Joy Neilson and her band will furnish the musical side of the evening. Admission was kept as low as possible so that students' pocket-books will not be too dented during the Christmas season.

## Professors Hold Tea At Union on Sunday

The Arts and Science Educational Committee will hold their second Professors' Tea this Sunday, December 4, from four to six p.m. in the Reading room of the Union.

Among the professors who have been asked to attend are Dean Fieldhouse, Dr. Solin M. Rigault, Professor Duthie, Professor Rauney, and Dr. Watkins, who are all of the faculty of Arts and Science. M. Rigault has just arrived at McGill from Paris and is the new French phonetics lecturer. The others are well-known faculty personalities. Other professors representing different faculties will also be present.

It is hoped that the team will benefit those who are interested in getting to know the faculty, stated Letitia Artola of the committee. She also hopes that students who attend these teas will get in touch with the committee at noon on Monday in the Union, and give the names of professors whose respective classes will attend the teas and benefit from them.

## Slater Gives Inauguration Theology Talk

Reason, Revaluation and Foolishness was the subject of an address given by Dr. R. H. Slater in his inaugural speech delivered at Moyses Hall last night.

A professor's inaugural address is his official introduction to the community but is by no means his first speech. It is based on tradition for professors to give their inaugural address showing their capabilities at the outset of their careers or during succeeding years at the university.

“Neither commonsense, moral aspirations, nor scientific planning can take the place of religious conviction in ordering the conduct of unruly man,” said Dr. Slater.

Dr. Slater stressed the fact that Theology is a modern science and must be treated and regarded as such. He also quoted freely from (Continued on Page 4.)

## Red & White Revue Holds First Rehearsal

The first rehearsal for the Red and White Revue was held in the Union Ball room last night under the direction of Stan Mann, chief script writer. This early rehearsal was held to familiarize the cast with their scripts so that they could study them over the Christmas holidays.

Castling is not complete and there are still empty parts in the show. “Also needed,” said Stan Mann. “Are some technical personnel, such as stage crew, designers and construction men.”

Bill Nichols, the producer, said that all members of the cast should look in Monday's Daily for important news about the show.

Students who would like to try out for parts in the show, and who have not already seen the directors should leave their names with George at the Union Tuckshop.

AS YOU DESIRE ME: Nanette Bishopric, who will play a lead role in the Pirandello Play which is to be produced by the English Department on December 16.

## Night Students Favoured by Editor Philips

T. J. Phillips, evening editor of The Georgian, student newspaper at Sir George Williams College, stated last night that he would side with the Evening Faculty Students Society in the current controversy with the paper.

The argument was started when The Georgian decided to hold a party on the same night as a college dance in opposition to the wishes of the Evening Faculty Students' Society. After the paper held the party the editor-in-chief was informed that unless an apology was forthcoming the paper's budget would be cut.

Wednesday night The Georgian staff threatened to stop publication if the funds were withdrawn, and they refused to apologize to the Evening Faculty Students' Society. This stand is supported by the Students' Undergraduate Society, day division of the student body, despite the fact that they were co-supporters of the dance that started the whole argument.

(Continued on Page 4.)

## Plan Tour of Hospital

The Dawson Pre-Med Society is sponsoring a tour of Queen Mary Veteran's Hospital this Saturday morning, Dec. 3.

Special buses will be leaving Dawson Gate House at 9.15 a.m. and a reduced return fare of 50c will be charged. Those members already in Montreal are asked to meet at the hospital at 10.30 a.m.

An address by Dr. Jonas will be featured at a meeting to be held this Monday evening, Dec. 5. The speaker's topic, “Philosophy as Related to Medicine,” should be of utmost interest to all Pre-Med students.

Last week's movie showing at which refreshments were served, netted a profit of fifteen dollars.

## Professors Beat Plumbers In Debate Over Waterways

By JOHN TODD

Professors G. A. Wallace and J. P. Ogilvie triumphed over the Engineers in a debate held at the Engineering Building yesterday. Dave Floyer and Sid Schoner, taking the negative side of the resolution “Resolved that the St. Lawrence Seaway would be detrimental to Canada as a whole,” represented the Engineers.

Professor Wallace opened the debate for the affirmative, stating that the cost would be too much for the taxpayers of Canada to bear, and thus would be detrimental to Canada. The cost for Canada would be \$163,000,000, estimated, but Professor Wallace showed by reference to estimates of similar projects that these estimates were on the average only one-third of the final cost.

Dave Floyer, in opening the debate for the negative, felt that the project would be beneficial right across Canada. With a seaway Canada could cut out transshipment of coal from the U.S., and save on dollars by importing English coal. He also said that the power pro-

## McGill Team Prepares for Saturday Tilt

By IRWIN GUTTMAN

Practice makes perfect, and no better example is the McGill Hockey Redmen. After last Friday night's game when the Redmen were tumbled 5-1 by the Toronto Blues, nobody gave the McGills much chance to land anywhere but third or even last place. It must be remembered, however that this was the second time that the Redmen were together on the same ice surface, the first being a practice and the second the game with Toronto.

However, things are looking up for Dave Campbell and his boys, who are preparing hard for this Saturday's tilt with the U of M Carabins at Verdun Aud. Ross Parsons and Boston-Davie Hackett, two of the better forwards on last year's squad, turned out for the practice yesterday. Dave looks as if he has been practising since the beginning of the season, while Parsons' knee has been pronounced fit by the team's physician Dr. Crutchlow. Ross engaged in a light workout and seems ready to go.

The team for this Saturday night's game at Verdun hasn't been fully picked as yet. Coach Campbell will start Tony Dobell in nets but indicated that Bob MacLellan will also see action in the game. Bob, who showed very well in the exhibition game against Verdun on Tuesday, is going great guns in practice and is giving portly Tony stiff competition for the custodian's job.

Clan Campbell's defence will consist of Zemel and Sanderson as one unit with Renolds and Hennessey as the other. Zemel and Renolds who are rookies are improving with every practice and the coach is very pleased with their improved showing. Sanderson and Hennessey seem to be rounding into better shape, and definitely look a lot faster.

To date only one line has been picked that will definitely start against the Carabins, the other lines to be picked at today's practice. This unit is composed of Bob Marshall at centre, Rocky Robillard at left wing and Irish O'Neill at right wing. O'Neill replaces Gene Robillard who retired from the hockey wars until he can get the knee which he injured during the grid campaign back into shape.

Clan Campbell has eight players from which to choose his remaining two lines. These are: Andrew, Lafontaine and Taylor who have been playing together as a unit, Murphy, Russell, Hackett and Ross Parsons. The squad is practising today and the remaining two lines will be picked by Campbell at this practice.

The Carabins will line up a tough squad to face McGill. (Continued on Page 4.)

HUGH BRODIE, who was elected president of the Scarlet Key last night.

Jacques Tetreault: Co-chairman of last year's Winter Carnival.

The other 28 members of the Scarlet Key Society will be elected from 84 candidates in the elections December 7.

## STUDENT GOVERNMENT: PART 2

### Foreword

This is the second part of a two-part article on the organization of student government at McGill, written by Michael Ellwood, vice-president of the Students Society. Here he outlines the relationship between the Students Executive Council and the Students Athletic Council and their relation to the Athletic Board.

The Department of Athletics, Physical Education and Recreation is controlled by the Athletics Board which is composed of the Principal as chairman, three members of the faculty appointed by Senate, three graduates, and three students from the student body. The directors of intercollegiate athletics, the Department of Athletics and Physical Recreation, and Intramural Athletics sit in at its meetings and act as advisors to the Athletic Board.

The board is responsible for matters of policy and finance. It acts as a link between undergraduate activity, graduates, and the Senate and Board of Governors of the university.

Under the board is the Student Athletics Council composed of an S. E. C. representative, student representative elected by the students, chairmen of the Winter Carnival, the Athletics Nights, and Intramural Athletics and one representative for each major sport. Two of the minor sports are represented by one man alternating each year. The latter are usually managers of their particular sport from the previous year. The specific duties of this body are:

- To organize and encourage the development of athletic activities among men students.
- To prepare in consultation with the business manager, estimates of proposed expenditures on athletics and keep such expenditures within the approved budgets. Funds are made available from the \$15.00 each student pays for

athletics, which is included in the university academic fee.

The S. A. C. carries out other administrative duties which pertain strictly to athletics and all recommendations are brought before the Athletics Board for its approval before any expenditures are made. Under it is another similar body called Intramural and Recreational Athletics Council which organizes and promotes intramural sports. The S.A.C. in general has jurisdiction over all the activities listed from pages 95 to 128 in the McGill Handbook as well as any other activities connected with sports such as pep rallies, with the exception of social events, such as football dances, which as mentioned before are under the administration of one of the S.E.C. organizations.

Joint investigating committees of the S. E. C. and S. A. C. are formed to discuss problems pertinent to both, such as major dates of activities to be held on the campus during the year. Last year a joint S. E. C.-S. A. C. committee recommended to the Athletic Board that the S. A. C. be granted a budget for the band and that it be administered by the S. A. C. as the band was only in attendance at athletic events. This year, the S. E. C. decided the band was too great a financial burden and allowed the S. A. C. to organize the band with the loan of the S. E. C. equipment. A small grant from the S. A. C. has been carried on the band this year and it is hoped that the S. A. C. will take it over in the near future and administer it fully under its own jurisdiction.

In conclusion, the S.E.C. and S.A.C. are two separate governing bodies each being entirely independent of each other. The S. E. C. does not finance the S.A.C. or vice-versa and has no control over that body whatsoever.

Michael Ellwood,  
Vice-Pres. Students' Society

## Student Forum

### THE NFCUS COMMITTEE REPLIES

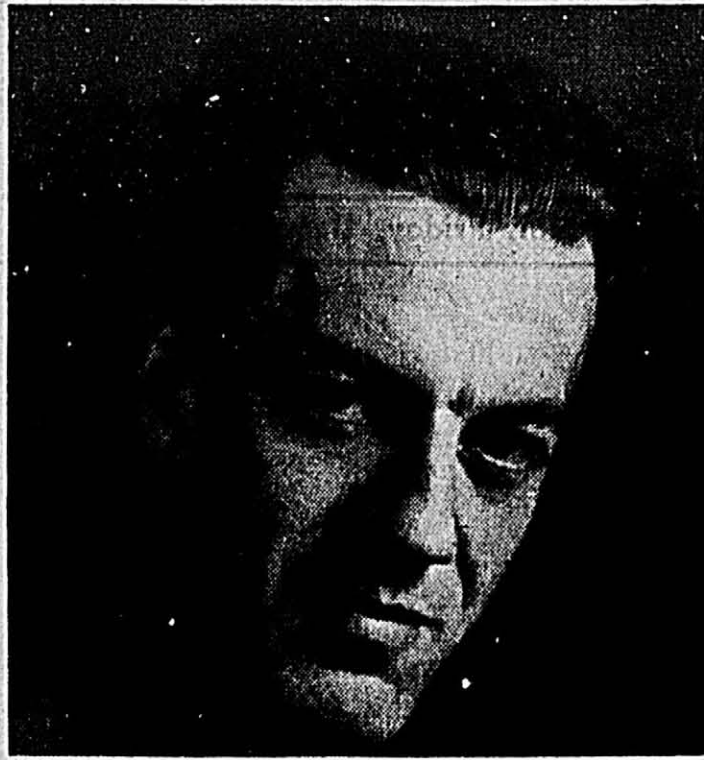

During the last week in October George Stephen and I were appointed by the S.E.C. to the positions of co-chairmen of the McGill NFCUS committee. No doubt Mr. Lionel Albert is aware of the task involved in reorganizing a group like NFCUS. We had little information regarding the progress of NFCUS at McGill during 1948-49. We discovered a letter from the committee at U.B.C. requesting us to find what student opinion was on the application of the Order-in-Council, P. C. 1786 which concerned the national library, Canadian archives, the library of Parliament and federal aid to higher education. It is a wonder that we were able to answer this request, the deadline for which was Nov. 10. Thanks to the efforts of Messrs. Buchanan and McClintock we were able to formulate a questionnaire, assimilate its results and within four days send a reasonable answer to U. B. C. on time! That the questionnaire did not reach each and every student we are well aware, but I am sure, that it was an insurmountable task to contact 6,000 students within four days. The questionnaire did prove to us that there is a lack of interest in the future of national libraries on this campus, an ignorance of their function or an apathy to the situation. That federal aid to higher education was not particularly stressed seems to me to be quite obvious. I cannot conceive of any average student in sane mind objecting to the application of NFCUS for ten thousand \$500-a-year scholarships, or a future increase in this number! This is all that NFCUS at McGill was asked to contribute to the Federal aid brief. At

present the main brief is in the hands of the national committee being prepared for presentation to the Royal Commission in January. In other words, Mr. Albert, the McGill committee is not now working on the brief, but already has! Any further developments on Federal aid to higher education will be announced from national headquarters.

Mr. Albert seems to object to "closely-knit" groups. I pity the organization that is in "shreds!" I hope that the McGill NFCUS committee will continue to operate as a cooperating, closely-knit group. As to his statement that the McGill NFCUS committee has not held any meetings, may I mention that we have already held four three-hour meetings and have already planned to hold an open meeting on Dec. 6. Admittedly the main work, so far, has been carried out by an executive committee of about a half-dozen, but I feel that an executive of 6000 is a little cumbersome. At the open meeting and at any other time, Mr. Albert may be assured that the committee is not so closely-knit that we will not be open to advice of the student-members, which include all McGill students.

Furthermore, in connection with National Students' Week the McGill committee is planning to hold a conference on January 21, at which students may air their opinions on all functions of NFCUS, national and local, along with members of the faculty and student executives.

Leonard T. C. Harbour,  
Co-Chairman,  
McGill NFCUS Committee.

ELMER HALL

## The Daily Meets

### Elmer Hall

By GOLDIE KAPLANSKY

"... It was the most unusual experience I have ever had."

Elmer Hall, Assistant Professor of Dramatics at McGill, thought of the summer of 1941, and chuckled. "It usually requires weeks and months of waiting and filling out application forms . . .," he said.

Professor Hall was stage manager of the Lakewood Summer Theatre at Skowhegan, Maine, at the time. The curtain had fallen on the final play of the season, and among the people out front was the Dean of Arts and Science at McGill, Dr. MacMillan.

"How would you like to join the new Drama Department at McGill?" the Dean asked Professor Hall. The latter apparently did, and except for the years 1942-45 when he was in the U.S. Navy, Elmer Hall has been lecturing at McGill.

"I've worked at different aspects of the theatre practically all my life," he said. When Elmer Hall was a boy of 12 in the silent-picture days, he began to work in a movie house in Cambridge, Mass., distributing handbills, repairing seats, and doing the hundred and one odd jobs that came up. He continued this part-time job through high-school and four years at the Massachusetts School of Art in Boston. He was the medalist in design upon graduation from art school, and his thesis, Stage Lighting, Its History, Mechanics, and Art, was published in the Emerson Quarterly of that year.

The end of his official schooling marked the beginning of Elmer Hall's participation in countless dramatic productions dispersed through the United States. He has shown his versatility as stage manager, actor, designer, instructor, director, and advisor in Boston, Peterborough, N.H., Provincetown, R.I., Rochester, N.Y., Skowhegan, Maine, and other localities.

From Hall to Hollywood. When Professor Hall was working with the Marlard Co. at Peterborough, N.H., during the summer of 1925, there was a 14-year-old girl in the same troupe who wanted to be dancer. Her name was Bette Davis.

"Nobody paid much attention to Bette," remarked Professor Hall. "Bette's mother was a photographer then. I was a keen student of photography myself and she wanted me to go into business with her." Elmer Hall has also worked with Richard Whorf, Sally Rand, Hum-

phrey Bogart, and Keenan Wynn.

McGill And Student Shows

"Student apathy seems to be worse at McGill than in other colleges," said Professor Hall. "This is not only shown in student productions, but in the various Charity Drives and Blood Donor Campaigns. To a certain extent the same apathetic attitude to student productions prevails in the United States. In student productions the audience is almost entirely composed of the general public. I suppose it is the attitude of youth in general, grass is always greener in other pastures. . . ."

Elmer Hall is optimistic about the future of Canadian theatre. The Cdn. Repertory Theatre in Ottawa, "Canada's only resident, winter-season full-time, professional theatre", is getting the support of many Canadians, and is setting off a trend.

"The Western Quebec Drama League provides a wonderful opportunity for local amateur drama groups," said Professor Hall. The (Continued on Page 4.)

## THE CHURCH OF ST. ANDREW AND ST. PAUL

Sherbrooke and Redpath Street

Minister:

## Water Polo Squad Holds Blues to Tie

By LEN WISSE

For the first time this season the Senior Intercollegiate Water Polo team displayed the top brand of play it is capable of as the boys fought the powerful YMHA Blues to a 7-7 deadlock in an exhibition game played last night at the Legion Pool.

This McGill squad was the same one that was trounced 12-4 by the Blues last week but last night it was an entirely different story. The Redmen were an inspired team as they completely dominated the play, especially in the last half and showed outstanding team play.

Coach Rose's boys started slowly and in the first quarter the Blues jumped into a 3-0 lead on goals by Goldberg, Kastner and Novick.

In the second canto the Redmen started to roll and outscored the 'Y' 2-1. Skip Onesti and Mac Macdonald counted for the Red and while Syd Kastner scored the Blues' marker to make the count 4-2 for the Blues at half time.

At this point however the Redmen took command and bottled the 'Y' boys up in their own end of the pool for the most part of the third quarter. Don Walters scored on a pass from Joe Dickstein and Skip Onesti netted his second goal of the evening from 10 feet out for the McGillians. Novick got one for the 'Y' in one of the only times the Blues managed to move the ball into the McGill end when he broke away to beat goalie Horby Hops. This made the score 6-4 going into the final quarter.

The Redmen kept pressing as Walters moved the Redmen closer on a beautiful backhand shot but Kastner counted a longshot. Skip Onesti then scored a picture goal taking his own rebound but Goldberg scored for the 'Y'. Joe Dickstein then completed the scoring on a pass from Onesti.

The Redmen missed taking the verdict when Don Walters' drive with 10 seconds remaining in the game hit the post.

The McGill team as a whole played inspired water polo and the team play was something to (Continued on Page 4)

## McGill vs Clarkson Tech, St. Laurence In Hoopla Tourney

By AL SCHMELTZER

The senior edition of the Red and White basketball team will be travelling across the border this week-end in search of their first victory. They will play St. Lawrence University tonight and Clarkson Tech tomorrow afternoon.

Last year the team lost all the games which they played against these universities. They were defeated by Clarkson here in a tight game by the score of 45-44. Clarkson beat them again on the return trip by a score of 74-45 and on the

## Inter Hoop Squad Play 'Y' Junior

Manny Schacter's Intermediate basketball squad meet the Y.M.H.A. Juniors in an exhibition tilt on Saturday night at the Mount Royal gym. The Red squad will be up against tough opposition for the Y quintet was last year's Dominion finalists. The game will start at 8:00 p.m. and will be the first game the Intermediate team has engaged in.

The Intermediate Intercollegiate schedule has already started and the McGill five play their first game on Tuesday evening at the Sir Arthur Currie gym, against the U. of M.

Coach Schacter has finally narrowed down his squad to playing size and the final team consists of Hy Berger, Bruce Fisher, Eli Godel, Gerald Conger, Jack Kurtz, Mac Thomas, Pete Siemers, Brian Pye, Jimmy Miller, George Klien, and Barry Morrison.

Jimmy Miller and George Klien are new additions to the team. Both played with the Intermediate football team and for this reason were late in turning out. The former was a star with the Montreal High School squad. Barry Morrison is back with the squad after being laid up with intestinal flu for two weeks. Missing from the lineup for the weekend game is Hy Berger, who is travelling south with the senior squad.

The McGill Intermediate squad face a tough schedule this year, having entered the new Ottawa-St. Lawrence league. Practice sessions seem to indicate the possibility of a strong intermediate squad and if Manny Schacter can get the boys working as a unit, they will turn out to be contenders for the intermediate crown.

## Intramural Volleyball In Full Swing

The Intramural Volleyball League went into action again yesterday afternoon, with three games being played.

On the first court, the Eng. 4 sextet whipped the Phys. Ed. 2 team in straight games, 15-4, 15-3 with Haviland and Coderre outstanding for the winners.

After a brief rally in the second game, the Med. 2 team went down under the Dent 2's, 15-4, 15-9.

The most closely fought affair featured a battle between the evenly matched Med. 1 and the Phys. Ed. 4's. After winning the first game by a margin of four points, Phys. Ed. dropped a 14-16 decision, but roared over the faltering Meds in an abbreviated game, 11-4. Ellerbeck of the Intermediate Football team, and Frazer of this year's Senior Basketball team starred for the winners, while Campbell and Tooby were outstanding for the Meds.

## McGill Boxers Prepare for Athletics Night

By CY LEWIS

Athletics Night I to be held next Saturday night, will have as one of its main attractions the debut of the 1949-50 version of the McGill Boxing squad. Milt Orr's pugilists will be tackling a set of tough opponents when they meet the warriors from Queens University at the Saturday donnybrook. The Queensmen are the reigning champions of the intercollegiate boxing scene having won six of the eight titles at last year's intercollegiate.

When questioned on this year's prospects the coach stated that he thought his crew has shaped up pretty well so far, in fact, he seems to think that the 1950 team is presently in better condition now than they were at the same time last year.

Heading the list of beak bashers is Bob McAllister, who has just turned out with the squad after a very successful season with the football team. This is Bob's second year with the gloves and Milt Orr thinks he is in for an even better season than he had last year, when he won three of his four bouts losing only in the intercollegiate finals. He is a terrific right hand puncher, one of the hardest he has seen, to quote Milt Orr.

Another one who rates high on the coach's list is Ernie Kovac. Ernie is somewhere around the quarter century mark in life and has loads of experience in the squared circle. He fought many amateur bouts while with the Army. Orr looks for great things from this veteran fighter.

Two newcomers to the Red and White are Lew Tannenbaum and John McMullin. The former is a protégé of Irving Phillips, former McGill boxing coach and presently coaching the YMHA fighters. The latter is one of Andy McGill's boys. Andy who has been showing the ins and outs of the manly art to young hopefuls at St. Leo's for many a year, seems to have come up with another good prospect for Milt Orr. John was champion of his weight for three years while at school.

The team has been training three nights a week and will finish their training next week with sessions on Monday and Tuesday, tapering off with a light session on Wednesday. Regular training is held Tuesday, and Thursday nights at 5:30 p.m. and Saturday afternoon. Coach Orr said that he still has room for any hopefuls with some boxing experience, and all that is necessary is to turn out on the training nights. The collegiates will be held in Toronto on February 24.

## Women's Badminton

On Wednesday night, November 30, the Ladies Murray League team played Westmount in the first meet of the season. Westmount won 12 games to 4. Of the four games won by McGill, the team of Bliss Mathews and Lois Preston won three. The other game was won by Dainty Chisholm and Mary Savage. The next match will be played next Wednesday night in Verdun against the South-Western Y.M.C.A.

## FLOOR HOCKEY

Mon. Dec. 5: 1:00 p.m.—Moyle vs. Rough Riders (A & S).

"LEFTY" BERGER

the second half. Sheldon Merling, highest scorer in last year's high school league, who plays at centre position was the second highest scorer in the game against Verdun and showed well.

Lefty Berger, who has not played for the senior team yet this year, is being brought up for these games. Playing at the guard position are Don Finlayson, who played for the McGill Grads in the Montreal Basketball League, Lou Endman and Jim Shea.

Merling and Milburne are slated to play centre in these two games as Fraser is not going down. Milburne is a former Dawson star. Garbus and Edwards, the other two men will play on the forward line. Garbus is a former high school and junior star while Edwards also played for the senior edition of the Dawson team last year.

League enables them to find the essential material from the States, and it has the contacts which reduce border red tape to a minimum. "It is a mystery to me why Canada does not produce the essential materials herself..." he added.

During the pre-"talkie" days there were three professional companies in Montreal where young hopefuls could acquire theatrical experience. The heyday of the play is over, however, and now the only training ground available to Montreal drama students is offered in University courses and amateur theatre groups.

Screen and Stage  
"Movies have nearly ruined the

stage play, said Elmer Hall, "but at the same time they have been a blessing to the theatre in eliminating the cheap and the tawdry."

"Because of the prevalent use of amplifying systems, the player has lost the art of clean-cut diction and voice production essential on the stage," said Professor Hall. Incidentally, the microphone in Moyses Hall has not been needed until comparatively recently. Lecturers were obliged to make themselves heard unaided.

Moyses Hall seats a meagre few hundred. If a director has trouble having players "speak up" there, how would performers make themselves heard in a hall seating several thousand?

"The secret lies in correct breathing," stated Professor Hall. "One must learn to speak on an outgoing breath."

The Dramatic Dept. at McGill is currently presenting *As You Desire Me*, and next term its choice will be Shakespeare's *Macbeth*. Elmer Hall has no favorite.

"I don't care what the play is about — as long as it is good. There is no place for mediocrity in the theatre."

**Water Polo—P. 3**

watch but still a great deal of the credit must be given to men like Skip Onesti, who scored three goals, Don Walters who played a sensational game, Joe Dickstein whose defensive play was truly outstanding, and Herb Hops in the goals. On the other side of the ledger, Kastner, Novlek and Goldberg were the pick of the 'Y'.

If the Redmen show the form they displayed last night, Toronto will be in for a tough time on Saturday in the first of a home-and-home series for the Intercollegiate Water Polo championship.

**McGill Team—P. 1**

veteran line of Charest, Flynn and Day will start with Emblem, Mojon and Hotte forming the second unit, while the third trio is made up of Perrault, Brunault and Vernier. Student executives who will attend include Colin McCallum, President of the Students' Society, Kayo Little, President of the Women's Union, Jack Crepeau, President of the McGill Union and Clyde Kennedy, Editor-in-Chief of the McGill Daily.

## Choral Society Ticket Sale Begins Today

Today is the first day of the advance sale of tickets to "Sing at Christmas" to be presented by the McGill Choral Society on December 17th at 8.30 in the Sir Arthur Currie Gymnasium.

"Last year's concert was a complete sellout," said President Bert McGee in a statement last night. "and if it is any criterion, this year's concert will be also. Therefore, we urge all students to take advantage of the advance sales, and to get their tickets while they still last."

The Choral Society's booth will be set up in the lobby of the Arts Building from 10.00 a.m. until 2 p.m., and tickets are priced at 75 cents each.

This year's concert will feature music from Bach, Mozart and Tchaikovsky, as well as many of the old, familiar carols.

## Student Council President Blasts University Officials

Halifax. — (CUP) — The university has gone as far as it can to suppress college spirit," Art Moreira, president of the Students Council of Dalhousie University declared here as he lashed out against the "suppressive tactics employed by university authorities against the student body" at a student forum held in the gymnasium here.

The council president quoted an editorial in The Dalhousie Gazette, student newspaper at the university, which declared that "The growth and development of spirit of Dalhousie has been stunted and warped by the oppressive shadow of conservatism and obsolete university ideals."

The university had contributed to activities through such things as a rink, a football field and a physical director and a ground hockey coach but these contributions had been made through necessity rather than willingness to co-operate, president Moreira indicated.

The university, he said, from the Board of Governors down to the teaching staff guided their actions to please the neighbours—the students were not considered and the university attitude was either restrictive or negative. He felt that this attitude was plainly indicated in the recent curtailment of initiation which he felt was the seed of college spirit. "Never does a student feel that he is part of any university till he has undergone the traditional rituals of initiation which are forbidden at Dalhousie," declared Moreira.

Mr. Moreira reminded the students that part of his platform last year was closer co-operation with the Senate. This he has not been able to achieve since he had found no similar attitude in the minds and actions of the authorities. He pointed out that many
